2018-1 HOTEL TABLEWARE

# AUENBERG®

AUENBERG is the brand of stainless steel cutlery registered in Germany. The brand founder Leaders Company Ltd with over 20 years OEM technology and experiences, mainly offers supply to some of well-known brands in Asia, Europe and America. However, AUENBERG is specialized in selling Middle to High Class stainless steel flatware and becomes popular selling brand.

AUENBERG through professional market research and study, in 2014, Leaders Company Ltd build up numbers of sales departments around the world; also with over 20 years manufacture experiences, production design and innovation to produce high quality SUS304 stainless steel flatware that is suitable for STAR HOTELS.

According to the classification hotel star rating, restaurants category and use areas, products of AUENBERG design into "classic, modern, fashion" 7 models of different styles to meet various types of Hotel design styles and use requirements.

Besides innovation product designs, AUENBERG improves production efficiency economically without affecting the quality of products. Through new technology, efficient machinery and streamline process, in order to reduce the costs of manufacture. Our company is targeting to achieve low cost, high quality, high durability and guarantee to provide top quality tableware to consumers.

## USE & CARE OF AUENGERG FLATWARE

AUENBERG Flatware are produced with fine stainless steel which have high resistance to corrosion & rust. Provided with proper use & care, they can last their shine for years. Please observe below advice.

- 1.Wash immediately after use.
- 2.Use neutral or slightly alkaline detergents.
- 3.Do not rub them with abrasive products, metal or synthetic wool.
- 4.Dry piece by piece with a soft and absorbing cloth immediately after washing.
- 5.Allow to dry completely & store in a cool & dry place eg., drawer.

Note : the content of metals & minerals naturally existed in tap water varies greatly from place to place. These metals & minerals in water drops left on the surface of washed cutlery, especially knife, will be oxidized in open air, taking hours to form permanent stains or water marks. The best way to prevent is to dry the cutlery & knife with a soft and absorbing cloth

immediately after washing - no matter manual wash or machine wash.
